EC 1907/2006 (REACH) Declaration – FitQuik Products

To Our Valued Customer,

Thank you for your interest in CPC's connection technology.

The purpose of this statement is to provide information regarding the **European Regulation (EC) 1907/2006 (REACH)** – as amended on 27 June 2018 to include 191 Substances of Very High Concern – for CPC's FitQuik products. The materials used these products are below.

- Polypropylene (no part number suffix)
- White Nylon (part number suffix -30)
- Black Nylon (part number suffix -31)
- PVDF (part number suffix -70)
- Purple Tint Polycarbonate (part number suffix -91)

To the best of our knowledge, based on a review of the composition information available from our direct and indirect raw material suppliers, the materials used to create these connectors are not expected to contain any substances above the threshold of 0.1% w/w specified by the REACH regulation as listed above.

This information is provided in good faith and is believed to be accurate as of the date of this letter. Please be aware that CPC does not specifically analyze for the presence of these substances.

Thank you for your interest in CPC quick disconnect couplings and connections. CPC looks forward to continuing our support of your application(s).

Sincerely,

Maria Bollensen
Associate Product Manager
