## EU RoHS Declaration – FitQuik Connectors

To Our Valued Customer,

Thank you for your interest in CPC's connection technology. The purpose of this statement is to provide information regarding the compliance of FitQuik connectors to **EU Directives 2011/65/EU and 2015/863 (RoHS)**. The materials used in FitQuik connectors are listed below.

- Polypropylene (no part number suffix)
- White Nylon (part number suffix -30)
- Black Nylon (part number suffix -31)
- PVDF (part number suffix -70)
- Purple Tint Polycarbonate (part number suffix -91)

Based upon a review of current composition information provided by our raw material suppliers, CPC can report that the resins used to create these parts **do not contain the 10 restricted substances** above the thresholds specified by the RoHS directives.

This information is provided in good faith and is believed to be accurate as of the date of this letter. Please be aware that CPC does not specifically analyze for these substances.

Thank you for your interest in CPC quick disconnect couplings and connections. CPC looks forward to continuing our support of your application(s).

Kind Regards,

Maria Bollensen  
Associate Product Manager
